

I had thought that I would deserve something. And it's just a decision, a word, a sentence that blocks me from chasing, getting it. But after all that happened, I realized things are far from that easy. All things I have done which I used to think would make me feel easier actually turns out to make my life worsen~~er~~ than ever.

I already don't know what I used to want. I lost that passion and don't dare to link anything good with my future. I was too naive, too idealist. Things that I think I deserved are too far from me, and I'm tired to chase and wait for it to happen.

我相信你不會明白我為何如此絕望
我亦相信你更難以無法理解
你一生逐步看著世界日漸開闢
而我所見卻是世界逐日狹隘

似乎我的路越來越窄
我已預見或說我曾預見之事已漸發生
我被逼地被推上我不想要的道路
逃離此地之希望已越來越小

我不希望日後活在大都市看不慣自己走過的路的

惡夢之中
